Business License and Permit Fees

- **License fees** and **permit fees** listed below are annual fees due payable when the business application is submitted and annually thereafter, unless otherwise noted in the table. The initial license fee and permit fee payment is prorated quarterly for all license and permit types. Proration is calculated as a percentage of the fee based on when the the business is initially licensed as follows: January 1 – March 31: 100%, April 1 – June 30: 75%, July 1 – September 30: 50%, 50%, October 1 – December 31: 25%

- **Process fees** listed below are one-time fees that are due payable when a business application is submitted. Process fees are required for new businesses and for any change to an existing business that requires a new application to be submitted, including but not limited to moving to a different location or a change of ownership.

- **Other fees** listed below are annual fees that are due payable when a business application is submitted and annually thereafter, unless otherwise noted. Background checks, when required for regulated businesses, are conducted annually by the Los Angeles County Sheriff's Department (LASD). Background checks are required for every business owner. Fees are set by the LASD and may change from time to time, and as such are not listed below. Background check fees check fees are collected by the City and passed through to the LASD.
